Remarks

>> We play blues, so lets keep things simple...

Horns:
Saxophones bring their own clip-on microphones that need phantom power.

Drums:
Please use no sound effects on drums (e.g. delay on snare) We prefer not to use a drum stage.

Light effects:
Please make the light show not too dynamic
Please use no stage smoke

Stage:
Since we are a band with 7 members, we need a stage with a minimum size of 20 m2
We prefer not to use a drum stage.
